Dear Shri Shashidharan,

I am very happy by acknowledging your manuscript entitled "*Whispering Mind: Eternal Love Story of Yin and Yang*". I found it educating on life, integrated approach of life management and its rejoicing. It's a wonderful effort of synthesizing such vast areas of yoga and spirituality in terms of poetry that based on experiential knowledge.

May God bless you to feel fusion of Shiva and Shakti and convey same as prime theme expressed in the writing.

With divine love and blessings,

(Swami Ramdev)
